2 Introduction

2.1 Purpose

2.1.1 The aim of these Competition Rules and By-Laws is to provide all stakeholders with a clear and concise framework under which competitions are conducted by Basketball ACT.

2.2 Application of By-Laws and Competition Rules

2.2.1 Games will be played and refereed under the Official Basketball Rules as published by FIBA from time to time.

2.2.3 Where there is a difference between the Official Basketball Rules and these Basketball ACT Competition Rules and By-Laws, unless stated in this document, the Basketball ACT Competition Rules and By-Laws will apply.

2.2.4 Changes in rules as adopted by FIBA may or may not be immediately implemented for Basketball ACT competitions. Any rule change will be communicated to customers and members in a timely manner prior to implementation.

2.2.5 Revisions to these Competition Rules and By-Laws will be considered by the Basketball ACT Competitions Committee. Any changes proposed by the Competitions Committee are to be submitted to the Basketball ACT Board for ratification. Changes are to be ratified prior to the start of a season. 3 Competition Structure

3.1 Competitions

3.1.1 BACT will determine the number and format of competitions prior to each season. BACT may add or remove competitions from time to time. In general both juniors and seniors will play two seasonal competitions, one in summer and one in winter.

3.2 Grade Structure

3.2.1 Teams Per Grade

Each club or school may only have 1 team per division except where they have been provided an exemption by CM. Requests must be made in writing at least 1 week prior to the closing of the registration date.

3.2.2 Junior Grades

For each gender and age group, there will be Division 1, Division 2, Division 3 and so on, depending on the number of teams that nominate. Division 1 will be the highest level of competition.

Generally competitions will be provided for both male and female for Under 10, Under 12, Under 14, Under 16 and Under 19. Other age groups (for example, Under 8, Under 23) may be provided for as deemed appropriate by BACT.

Any Under 8 and Under 10 age group will be considered non-competitive competitions. Additional competitions may be provided for by age of players or by school year as deemed appropriate by BACT.

3.2.3 Senior Grades

For each gender there will be Premier Division 1, Premier Division 2, A Grade, B Grade, C Grade and so on, depending on the number of teams that nominate. Premier Division 1 will be the highest level of competition.

3.3 Playoffs

3.3.1 A playoff series will be conducted in each grade, except for non-competitive grades.
4 Commencement of the Competition

4.1 Nominations
4.1.1 Teams must be nominated using the process specified by CM. Nominations must be submitted prior to the due date.
4.1.2 Late nominations will only be accepted at the discretion of BACT and will be dependent on teams already nominated.

4.2 Game Fees
4.2.1 Fees for each competition will be advised as part of the nomination process and will be published on the BACT website.
4.2.2 It is the responsibility of each club and/or team to pay the fees for each affiliated team nominated by the club and/or team.
4.2.3 The fees are levied per team for the full season and include components of individual annual player registration and insurance, as well as the nomination fee and game fees for the whole season.
4.2.4 Fees for any playoff or finals round are included in the season fees and no additional costs will be incurred to teams playing in a finals game.
4.2.5 All fees for each team must be paid in accordance with BACT requirements and terms of trade.
4.2.6 Failure to pay fees by the due date may lead to the affected clubs/teams playing for no competition points. Further failure to pay fees may lead to the removal of clubs/teams from the competition. In the event of the removal of a team or club, refunds will not be given and any fines are as per Schedule 2 – Fees and Fines.

4.3 Nomination of Players in a Team
4.3.1 A minimum of eight (8) players must be nominated for each team in Senior Premier Division or Junior Division 1 and a minimum of seven (7) players must be nominated for each team in all other grades. In all grades, no more than 12 players may play for a team in any one game, as per Article 4 of the Official Basketball Rules (published by FIBA from time to time).
4.3.2 CM retains the right to refuse a player’s nomination with a team in any grade or division.

4.4 Grading
4.4.1 Clubs or individual teams must make every effort to nominate in the correct grade.
4.4.2 BACT reserves the right to formally grade teams in a particular grade prior to the start of the season or during the first four weeks of competition.
4.4.3 At any point during the season BACT reserves the right to refuse or alter a team nomination, or to re-grade a team, in consultation with the club or team concerned.

4.5 Team Uniform Colours
4.5.1 The colours of the team uniform including dominant colour of top and colour of shorts must be approved by BACT.
4.6 Competition Draw

4.6.1 CM will prepare a schedule of games (draw/fixture) for each grade of competition and these shall be published on the BACT Website.

4.6.2 BACT may approve an alteration in the draw where circumstances require. A penalty may be imposed for any change requested by a club after draws are completed. Refer to Schedule 2 – Fees and Fines.
5 Player Registration, Eligibility and Transfers

5.1 Player Registration

5.1.1 Players must be registered through the BACT Online Registration system either by a club or by an individual team. Until a player is registered they are not eligible to play in a BACT competition.

5.1.2 Once a competition has commenced, any new players must be added to the team’s online registration prior to them taking the court. This ensures that insurance and legal requirements are met.

5.1.3 Unregistered players are not permitted to take part in any scheduled game. Any team that plays an unregistered player will be disqualified.

5.2 Player Eligibility

5.2.1 Junior Eligibility

To be eligible to play in an age group, a player must be under the age required on 31 December of the year in which the competition is to be completed. For example a player may participate in Under 19’s provided they do not turn 19 during the year in which the competition is completed.

To be eligible to play in a competition based on school year, the player must be attending a school in the applicable school year. This is irrespective of the date of birth of the player.

5.2.2 Seniors Eligibility

A player is eligible to play seniors if they turn 18 during the year the competition is being played.

A junior player who is 16 or 17 years of age at the completion of the competition season being played is allowed to play seniors provided they have an approved application from CM. The application must be submitted on the approved form and signed by a parent or guardian and club president or junior coordinator.

A player who is still eligible to play under 16s is unable to play seniors unless an exemption is granted by CM in consultation with the Head of High Performance and Coaching.

5.2.3 Masters Eligibility

For a player to be eligible for a Masters competition he or she must be at least 35 years old. A player turning 35 during the year is eligible to play Masters in that year.

5.2.4 Playoff Eligibility

To be eligible to play in the playoff series in a particular grade, a player must have been a registered player for the team in which he/she is to play with in the playoffs. In addition, a player must have played in a minimum of 50% of all the games played by
his or her team during the current competition in Senior Premier Divisions or Junior Division 1, or 33% of all the games played by his or her team during the current competition in any other grade. A bye does not count as a game played. A forfeit does not count as a game played for a player from the team that forfeits a match, but does count as a game played for a player from the team that is forfeited against.

Teams that require fill-ins for playoffs may use a player from a lower grade or a lower or equal grade in a lower age group only if that player has previously played for the team and would be considered eligible to play in their nominated grade’s playoffs.

Any other fill-ins require an exemption from CM. Exemptions will only be granted in exceptional circumstances, taking into account considerations of fairness.

Players and coaches can verify playoff eligibility from information supplied on the BACT web site.

Where, during the season, a player is sick or injured and is unable to play, this should be advised as soon as possible to allow the player to be granted exemption to participate in the playoffs. Medical certificates or other evidence of injury/illness may be required in order for an exemption to be approved. Exemptions are granted at the complete discretion of CM, taking into account all relevant circumstances. No request for exemption will be allowed after the completion of the last round of the competition.

A junior player is not allowed to play in more than one junior final on any one weekend, unless that player has an approved exemption from BACT, for example Junior Development Player status.

5.3 Restricted Players

5.3.1 Junior Restricted Players

A junior restricted player is a player who in the previous 12 months has been a member of the ACT or other state representative team at the respective Australian Junior Championships for under 16s, under 18s or under 20s, or, has been an ACT representative at the National Club Championships for under 14s. A player’s restricted player status is reset once the player moves up to the next higher age group, or once a new representative team has been selected for his or her age group.

A junior restricted player cannot also be a junior development player (refer to section 5.5.7 Juniors playing in two grades on a permanent basis (Junior Development Players)).

Junior restricted players wishing to play in any division other than division 1 must have prior approval from CM. Decisions will be made on a case by case basis and will be done with the consultation of the Head of High Performance and Coaching.

If a junior restricted player wants to play in an age group that is higher than their current age group, but in a grade that is lower than Division 1, they must make an application to do so which must be approved by CM (refer to section 5.5.8 Juniors playing in two age groups on a permanent basis).

5.3.2 Senior Restricted Players
A senior restricted player is a player who in the previous 12 months has played in an Australian or overseas elite level competition. Elite level competitions include the NBA, NCAA or other US or Canadian College competition, NBL, WNBL, SEABL or an equivalent competition in Australia or overseas.

A senior restricted player may only play in the highest senior Premier Division or in the highest mixed or social grade competition (i.e. A grade).

No more than two (2) senior restricted players may play in any one social grade team during the same season.

5.4 Exemptions to Play for Two Clubs in the Same Season

5.4.1 A junior player is not allowed to play for more than one club in any one season except where:
- The player’s registered club does not have a team in the player’s age group at that player’s playing level, AND
- The inability to play at his or her playing level may jeopardise the player’s ability to develop, AND
- If the player is a BACT representative team or BACT development program player, the team for which permission to play is being sought does not already have three (3) or more players playing in BACT representative teams.

5.4.2 Applications for junior players to play for two clubs in the same season must be approved by BACT on a season by season basis before the player plays for the second club.

5.4.3 If a junior player plays for a second club without permission, that team will be disqualified and a financial penalty may be imposed on the club. Refer to Schedule 2 – Fees and Fines.

5.5 Playing Between Grades, Divisions or Age-Groups

5.5.1 Juniors playing in a higher grade on a temporary (fill-in) basis

A junior player may play up to four (4) games on a temporary (fill-in) basis in any grade above their nominate grade, within his or her age group and only for his or her club.

Once a player has played five (5) games in a grade or multiple grades higher than that players nominated grade, that player will be regraded. The player must nominate one grade, of the higher grades he or she has played in, that he or she will play in permanently for the remainder of the season. Any further games played by that player in his or her original grade will result in disqualification of that team, irrespective of the result of the game (refer to section 8.4 Disqualification).

A junior player is limited to playing in no more than two (2) junior games in any round.

5.5.2 Juniors playing in a lower grade on a temporary (fill-in) basis

Subject to rule 5.5.11, a junior player may play down on a temporary (fill-in) basis within his or her age group, only in the club’s next team below the player’s nominated grade. For example, a division 3 player cannot play in division 5 if the club has a team in division 4. A junior Division 1 player may not play lower than Division 2 on a temporary (fill-in) basis under any circumstances.
A junior player playing down a grade may play up to four (4) games in the grade below his or her nominated grade on a temporary (fill-in) basis. Once a player has played 4 games in the lower grade, any further games played by that player will result in disqualification of the lower grade team, irrespective of the result of the game (refer to section 8.4 Disqualification).

No more than two players from a higher grade can play in a lower grade in any one game. This includes any combination of development players and non-development players from a higher grade and players from a lower age-group Division 1 team.

Where a player plays in a lower grade on a temporary (fill-in) basis, the player's details and his or her regular nominated grade must be recorded. Failure to do so may result in a disqualification.

A junior player is limited to playing in no more than two (2) junior games in any round.

5.5.3 Juniors playing in a higher age group on a temporary (fill-in) basis

A junior player may only play in the age group immediately above his or her nominated age group on a temporary (fill-in) basis, only for his or her club.

No more than four (4) players from a lower age group will be approved to play in a higher age group Division 1 team on either a permanent or a temporary (fill-in) basis. For example, only four (4) Under 14 age group players would be allowed to also play in the same Under 16 age group Division 1 team in any one game.

No more than two (2) players from a lower age group will be approved to play in any one higher age group team on either a permanent or a temporary (fill-in) basis in Divisions 2 or lower. For example, only two (2) Under 14 age group players would be allowed to play in the same under 16 age group Division 2 team in any one game.

Subject to an approval under 5.3.1, a junior restricted player must play only in Division 1 of the higher age group (refer to section 5.3.1 Junior Restricted Players). All other junior players playing in a higher age group may only play in a grade which is no lower than the grade immediately below their normal grade. For example, a Division 1 player would not be allowed to play in a grade lower than Division 2 in the higher age group; a Division 2 player would not be allowed to play in a grade lower than Division 3 in the higher age group; and so on.

A junior player may not play more than one age group above their normal age group.

Information regarding any junior fill in players may be requested by CM at any time. A failure to provide such information may result in disqualification and or financial penalties.

A junior player is limited to playing in no more than two (2) junior games in any round.

5.5.4 Juniors playing in a lower age group on a temporary (fill-in) basis

A junior player may not play in a lower age group on a temporary (fill-in) basis.
5.5.5 Juniors playing in a higher age group on a permanent basis

The purpose of allowing a junior player to play permanently in a higher age group for his or her club, rather than his or her designated age group, is to accommodate a more enjoyable experience. For example, this may allow a player to play with his or her school friends, or to further develop his or her skills.

No more than four (4) players from a lower age group will be approved to play in a higher age group Division 1 team on either a permanent basis or temporary (fill in) basis. For example, only four (4) Under 14 age group players would be allowed to also play in the same Under 16 age group Division 1 team in any one game.

No more than two (2) players from a lower age group will be approved to play in any higher age group team on either a permanent or temporary (fill-in) basis in Divisions 2 or lower. For example, only two (2) Under 14 age group players would be allowed to play in the same under 16 age group Division 2 team in any one game.

The player’s club must make an application for the player to be allowed to play in the higher age group for the entire season to BACT, no later than one (1) week after re-grading has been completed. The application must be submitted on the approved form and signed by a parent or guardian and club president or junior coordinator.

A junior restricted player must play only in Division 1 of the higher age group (refer to section 5.3.1 Junior Restricted Players).

Permission to play in a higher age group for a second club (such as a school club) is covered in section 5.4 Exemptions to play for two clubs in the same season.

A junior player is limited to playing in no more than two (2) junior games in any round.

5.5.6 Juniors playing in a lower age group on a permanent basis

The purpose of allowing a junior player to play in a lower age group is to provide a safer and more enjoyable experience for the player by better matching the physical size, skill and ability of the player to those they are playing against. For example, a very small player who was born late in the calendar year or a special needs player may prefer to play in the lower age group.

The player’s club must make an application for the player to be allowed to play in the lower age group for the entire season to BACT, no later than two (2) weeks after the commencement of the season (Winter) or one (1) week after re-grading has been completed (Summer). The application must be submitted to CM on the approved form and signed by a parent or guardian and club president or junior coordinator.

A junior player is limited to playing in no more than two (2) junior games in any round.

5.5.7 Juniors playing in two grades on a permanent basis (Junior Development Players)

The purpose of junior development player status is to allow a player to further develop their game by allowing them to play a second game per week for the same club, in the same age group, on a permanent basis.
The player should be a player who is close to but not yet at the level required to be a full time member of the club’s next higher team above his or her nominated grade. A player who is nominated for a team in the highest grade within an age group may not be a junior development player.

Junior development player status is granted for one season at a time. The player may play in both their nominated team and the higher grade for the full season without penalty.

A junior restricted player cannot also be a junior development player (refer to section 5.3.1 Junior Restricted Players).

Up to two development players are allowed per team, per season, with the following restrictions:

- A division 2 or lower graded team must have at least seven (7) nominated players before any applications for a development player will be considered.
- A Division 1 team must have at least eight (8) nominated players before any applications for a development player will be considered.
- The player’s club must nominate the player as a development player to BACT for the entire season, no later than two (2) weeks after the commencement of the season (Winter) or one (1) week after re-grading has been completed (Summer). An application for development player status must be submitted on the approved form signed by a parent or guardian and club president or junior coordinator.
- The player must be nominated in a team in the grade immediately below the grade they wish to hold development player status in, within the same age group and of the same club.
- BACT has the right to deny any player junior developmental player status or may rescind that status at any time during the course of the season, for example if the player is selected to a BACT representative team.
- A player who has previously played in a certain grade will not be allowed to be a development player for that grade in a subsequent season. An application for exemption to this rule must be made to BACT setting out the reasons why the player should be classed as a development player.

A junior player is limited to playing in no more than two (2) junior games in any round.

### 5.5.8 Juniors playing in two age groups on a permanent basis

The purpose of this by-law is to allow a junior player to further develop their game by allowing them to play a second game per week for the same club but in a higher age group on a permanent basis.

The junior player should be a Division 1 player in the lower age group who will benefit from playing in the higher age group for development purposes.

Junior restricted players wishing to play in any division other than division 1 must have prior approval from CM (see 5.3.1). Other junior players may play in either Division 1 or Division 2.

No more than four (4) players from a lower age group Division 1 team will be approved to play in any higher age group Division 1 team on a permanent basis. No more than two (2) players from a lower age group team will be allowed to play in any higher age group Division 2 team (or lower).
The player’s club must make an application for the player to be allowed to play in a higher age group for the entire season to BACT no later than two (2) weeks after the commencement of the season (Winter) or one (1) week after re-grading has been completed (Summer). The application must be submitted in the approved form signed by a parent or guardian and club president or junior coordinator.

The following restrictions apply:

- A division 2 or lower team must have at least seven (7) nominated players before any applications for lower age group players will be considered.
- A Division 1 team must have at least eight (8) nominated players before any applications for lower age group players will be considered.
- BACT has the right to deny any player the ability to play permanently in a higher age group or may rescind permission to do so at any time during the course of the season.

A junior player is limited to playing in no more than two (2) junior games in any round.

5.5.9 Juniors playing in senior competitions

A junior player must meet the eligibility criteria at section 5.2.2 Seniors Eligibility to play in a senior competition on either a temporary (fill-in) or permanent basis.

Any approved junior player playing in senior competitions does so subject to section 5.5.10 Seniors playing between grades.

5.5.10 Seniors playing between grades

A senior player may play on a permanent basis in as many different senior social or senior mixed grades as he or she wishes, but cannot play in the same senior grade, at the same playing venue, for two different teams.

A senior restricted player (refer to section 5.3.2 Senior Restricted Players) may only play in the highest senior Premier Division (i.e. Premier Division 1) on either a temporary (fill-in) basis or permanent basis.

A senior Premier Division player may only play in the highest senior mixed or senior social grade competition (i.e. A grade) on either a temporary (fill-in) basis or permanent basis.

Subject to rule 5.5.11 or senior development player status, a senior Premier Division player may play up to four (4) games in another Premier Division on a temporary (fill-in) basis, only for his or her club. For example a Premier Division 1 player may only play up to four (4) games in Premier Division 2 on a temporary (fill-in) basis. Once that player has played five (5) games in another Premier Division, the player will be permanently re-graded into that Premier Division for the remainder of the season. Any further games played by that player in his or her original Premier Division will result in disqualification of that team, irrespective of the result of the game (refer to section 8.4 Disqualification).

Each club may nominate up to two (2) senior development players. Senior development players must be 23 years or younger and have aspirations to play at a higher level. Senior development players may play in Premier 1 and 2 for the duration
of the season. Status as a senior development player must be approved by CM, in consultation with the Head of High Performance and Coaching. Applications for senior development player status must be made no later than two weeks after the commencement of the season.

5.5.11 Playing between grades- end of season restriction

Players may not fill-in in a lower grade (play down) in the final 4 rounds of the season, unless an exemption is granted by CM.

5.6 Transfer of Players Between Clubs/Individual Teams

5.6.1 Procedure

The general policy for all grades, both juniors and seniors, is that a player may freely move between clubs/individual teams in between seasons.

Any player who wishes to change club or team may do so only after they have completed the online transfer process, regardless of how long ago they played for the club or team.

Transfer clearances are processed using the online clearance system. The receiving club is required to initiate any clearance.

The player’s original club will be notified by email of the request for clearance and will have 14 calendar days to approve or deny otherwise the clearance will be automatically approved.

Clubs/individual teams only have the right to refuse a player’s clearance where the player is in debt to the club/individual team for a uniform or fees or has other club equipment. The reason for refusal must be advised at the time of refusal.

After the originating club/individual team has approved or refused the clearance, CM will review the transfer and either approve or request further information. CM will action the clearance within seven (7) calendar days.

Clearances must be finalised before a player plays for their new club/individual team. If a clearance has not been finalised and the player takes the court, the team the player plays for may be subject to disqualification.

The receiving club/individual team may appeal the refusal of a request by either another club/individual team or BACT. The receiving club/individual team should submit their appeal in writing within seven (7) calendar days.

5.6.2 Restrictions on Transfers

The purpose of restrictions on transfers is to ensure an even competition and that clubs are not disadvantaged by the transfer of players.
Any player who is a junior restricted player may not transfer to another team if that team already has three (3) or more junior restricted players in the same age group (however, a team is allowed to have (3) or more junior restricted players provided those players have been developed within the club and/or have been at the club for a period of three (3) years or longer).

A representative team player or development program player cannot transfer to a club where a current BACT representative team coach or BACT development program coach is coaching any team in the same age group and gender which the player is transferring to. For the avoidance of doubt, a coach is considered to be a current BACT representative team coach or development program coach until such point in time the coach is formally replaced.

BACT does not condone poaching (refer to section 2.3 Definitions). If there is evidence of poaching then the transfer will be denied. If the evidence arises after the transfer has taken place the receiving club will be fined in accordance with Schedule 2 – Fees and Fines.

A player who is registered and playing with a club or team in a BACT competition may not train with or register with another club or team in BACT competitions without approval from his or her current club or team.

A club or team shall not invite a player to train or seek a clearance from another club or team without first informing the player’s current club or team of its intention to approach the player. A club or team shall conduct negotiations for a clearance with courtesy to the player and the player’s current club or team, with minimum pressure on the player and in an open and transparent manner.

5.6.3 Exemptions to Restrictions on Transfers

An application for an exemption to section 5.6.2 of the by-laws must be made in writing to BACT and approved prior to playing for the new club. Exemptions to restrictions on transfers can be made under the following circumstances:

- Where a player is requesting a transfer due to a change of schools and school rules require that they play for the school club; or
- Where a player is requesting a transfer due to a change of residence (that is, moving to an area in their new club’s region).

5.6.4 Temporary Transfers and Local Interchanges

From time to time there may be a need for a player to be loaned to another club/team but still remain a member or their original club/team. To facilitate this, the online clearance system has been designed to allow for both a temporary transfer and a local interchange (refer to section 2.3 Definitions)

The temporary transfer or local interchange must be agreed by both clubs/teams involved.

Uniforms Regulations

6.4.1 Senior Premier Divisions or Junior Division 1

Senior Premier Division or Junior Division 1 players must be wearing the exact same make of both playing top and playing shorts. No variations in colour or design are permitted apart from names of sponsors which may vary from player to player.

A Senior Premier Division or Junior Division 1 player is regarded as out of uniform if that player:

- Is not numbered according to the Official Basketball Rules as published by FIBA from time to time. An inside out top is not allowed as 00.
- Is using tape numbers.
- Is wearing a number that duplicates a number already being used by another member of the same team.

In Senior Premier Divisions or Junior Division 1, t-shirts or compression garments are only permitted to be worn under uniforms provided they are not visible and conform with the Official Basketball Rules (published by FIBA from time to time). Exemptions to this rule for medical or religious reasons are available as per section 9.7 and section 9.8.

Where a uniform violation is identified it must be reported to the CSO.

A Senior Premier Divisions or Junior Division 1 player who takes the court in the incorrect uniform will incur a technical foul. That player may not continue to play out of uniform.

Social Grades
It is preferable that all players in social grades wear the exact same make of both playing top and playing shorts. As a minimum, players from the same team must be wearing the same colour playing top and same colour playing shorts. Slight variations in shade and design are allowed.

In senior social grades, tracksuit pants, compression garments, t-shirts and long sleeve shirts under the uniform tops are permitted provided they are of the same colour as the team uniform.

Gloves may be worn.

No item of clothing worn on court may have pockets, exposed zips, buckles or any other feature that may increase the risk of injury.

Where a uniform violation is identified it must be reported to the CSO.

If a player takes the court out of uniform, five (5) points will be awarded to the opposing team and recorded as "Incorrect Uniform Penalty". The player may then continue to play. There will be a three (3) week leniency period for non-Premier grade competitions, at the start of each competition, where players may play out of uniform as long as the team has advised BACT, in advance, of a problem with uniforms.

6.4.3 Clash of uniform colours

Club/team uniform colours must be approved when the team is nominated in accordance with section 4.5 Team Uniform Colours.

When a clash of colours occurs between two teams playing each other, the team listed first on the draw (Team A) will be required to change unless otherwise agreed between the teams. Failure to do so by the schedule start of the game will invoke the regulations as specified in section 8.3 Late Starts.

6.4.4 Alternative Tops

In all grades where there is an issue with uniform tops, a set of alternate tops can be obtained from the CSO to avoid the possibility of disqualification or other penalty. All players in the team must wear the alternative tops.

6.4.5 Warm-up Garments

In all Senior Premier Divisions or Junior Division 1 all warm-up garments must be approved club apparel, however there is no requirement that all players have matching warm-up apparel. Where a player does not have approved club warm-up apparel he or she must warm-up in the team playing uniform. Where a player wears anything other than an approved piece of club apparel during the warm-up period, the player will incur a personal foul and five (5) points will be awarded to the opposing team, recorded as "Incorrect Warm-Up Penalty".

For all other grades, there is no requirement to wear approved club apparel during the warm-up period.
6.4.6 Playing Footwear

A Player is only permitted to wear non-marking sports footwear whilst playing in BACT competitions. Any Player reported for wearing footwear which marks the playing surface will not be allowed to take the court.

7.3 Referees and Score Bench

7.3.1 In junior games, the duty responsibilities for each game (score bench and, if required, refereeing) are shared by the teams playing, that is, parents, guardians or others associated with the two teams involved in the game. In senior games, a third team will be allocated the duty responsibilities (scoring and, if required, refereeing) for each game, as specified on the competition draw. The duty team will be either playing before or after the game for which they are allocated to do duty. There may be the need for BACT Competitions to appoint shared duty for senior competitions on occasions.

7.3.2 Score Bench – Junior Games

Each team involved in the game shall provide at least one (1) competent score bench official. Should disagreement arise over allocated duties then the following rule shall apply: the score bench official from Team A shall manage the game clock and scoreboard; and the score bench official from Team B shall keep track of the scores.

In junior Division 1 games, where applicable, Team A shall provide an additional score bench official to operate the shot clock.

7.3.3 Referees – Junior Games

As far as possible, BACT will appoint registered referees to all junior games.

Where, for whatever reason, BACT appointed referees are not available for a game each team is required to be able to supply one (1) competent referee for either a full game or half a game depending on the circumstances, or until such time as BACT appointed referee(s) are available.

Where one team is able to supply both referees for the game and this is agreeable to both teams involved, the team not supplying referees is required to supply all score bench personnel.

The game may proceed with one (1) referee, whether provided by BACT or a team involved in the game, at the discretion of the CSO.

7.3.4 Issues with Score Bench or Referees – Junior Games

The only people who may approach the bench in relation to issues during a game are the coaches of the teams playing the game.

If issues relating to the persons scoring and/or refereeing require escalation, these should be referred to the CSO or RSO as soon as possible during the game so that any necessary action can be taken.

7.3.5 Failure to Supply Score Bench Officials and/or Referees – Junior Games

If any team is unable to supply the required number of score bench officials they will incur the relevant duty fine as specified in Schedule 2 – Fees and Fines.

If BACT is unable to supply registered referees and both teams are unable to supply a competent referee for the game, the result of the game will be declared a double
7.3.6 Score Bench – Senior Games

A team allocated to do duty on a senior social game will be required to supply at least two (2) people to do the scoring for the game.

A team allocated to do duty on a senior Premier Division game will be required to supply at least three (3) people to do the scoring for the game.

7.3.7 Referees – Senior Games

As far as possible, BACT will appoint registered referees to all senior games.

Where, for whatever reason, BACT appointed referees are not available for a game the duty team is required to supply up to two competent referees for the full game or until such time as BACT appointed referee(s) are available.

The game may proceed with one referee, whether provided by BACT or a duty team, at the discretion of the CSO or RSO.

7.3.8 Issues with Score Bench or Referees – Senior Games

The only people who may approach the bench in relation to issues during a game are the coaches or nominated captains of the teams playing the game.

If issues relating to the persons scoring and/or refereeing require escalation, these should be referred to the CSO or RSO as soon as possible during the game so that any necessary action can be taken.

7.3.9 Failure to Supply Score Bench Officials and/or Referees – Senior Games

If a duty team is unable to supply a the required number of score bench officials they will incur the relevant duty fine as specified in Schedule 2 – Fees and Fines.

If BACT is unable to supply registered referees and the duty team is unable to supply competent referees for the game, the duty team will receive a fine as per Schedule 2 – Fees and Fines and a draw will be declared with points awarded as per Schedule 4 – Determination of Competition Points. The two teams scheduled to play the game will each receive a bye credit.

7.4 Mercy Rule

7.4.1 BACT’s focus in junior basketball is participation and providing enjoyment for players. In all sports there are different levels of ability and Basketball is no different. To cater for situations where one team is dominating another team a mercy rule has been developed for junior grades.
7.4.2 For all junior social grade (non-Division 1) games, at any time where a team is 30 points in front, the coach of the losing team may request to the CSO or RSO that the mercy rule be invoked. An official’s time out will be called by the CSO or RSO in order to inform the opposing coach, referees and scorers that the mercy rule has been invoked. The following rules will apply:

- The dominant team will be required to take up defensive position inside the bottom 1/3 of the court, as defined by a straight line drawn through the top of the 3 point line;
- The game clock will continue to run at all times;
- If the margin between the two teams returns to within 15 points, then the mercy rule will no longer apply and all normal rules will once again apply.

7.5 Games Rescheduled Prior to Game Day

7.5.1 Rescheduling Prior to Draws Being Made

Where a team knows they will be unavailable on a particular date(s), they should make this known prior to the draws being made and the following shall occur:

- If the grade has byes then the team will have a bye scheduled on the date of their unavailability. There will be no penalty however no credit for a bye will be given in this case; or
- If the insertion of a bye is not possible and the unavailability results in one less game to be played, the game will be treated as a loss by forfeit to the unavailable team. Competition points will be awarded as per Schedule 4 – Determination of Competition Points however due to the advanced notice, the unavailable team will not receive a forfeit penalty in this case.

7.5.2 Rescheduling After Draws Have Been Released

After the draws have been release, CM may approve the rescheduling of any games subject to the following:

- The reasons are substantial. The team requesting the change must provide evidence to demonstrate that the game could not otherwise be played by using players from other grades;
- An application on the approved form is received by CM not less than seven (7) calendar days before the scheduled date of the game, which is signed by representatives of both the team requesting the change and the opposing team.
- The application to reschedule for Junior and Senior Premier competitions has been lodged through the club’s official contact only. For senior grade competitions the Primary team contact will need to lodge the application.
- The non-refundable administrative fee has been submitted with the request to reschedule (refer to Schedule 2 – Fees and Fines);
- Rescheduled games may be played prior to the originally scheduled date and must be played prior to the completion of the minor round games for the competition;
- The team requesting the rescheduling is responsible for:
  o Arranging the new date;
  o Arranging the new venue;
  o Arranging the score bench officials;
  o Arranging referees (BACT will pay the referees); and
Providing the completed scores to BACT within two (2) calendar days of the competition of the game;

- A team may reschedule no more than two games per competition and no games in any finals series may be rescheduled; and
- In senior Premier Divisions and senior social grades, if the rescheduling of a game causes a conflict with the duty team responsibilities of either team, the team requesting the change shall ensure that all duty team responsibilities for both teams are met;

Once a change has been agreed by both teams and approved by CM, it cannot be changed. The draw will be amended to reflect the new date and time. If either team is unable to play then a forfeit will be awarded against that team.

If an agreement cannot be reached on a new game date and time, the game must go ahead as scheduled or the requesting team will forfeit the game.

7.5.3 BACT Instigated Rescheduling of Games or Changes to Draw

CM may reschedule any game or makes changes to draws due to unforeseen circumstances (for example, changes to venue availability, issues with the venue, draw errors, etc.), as necessary.

As far as possible, all rescheduled games and draw changes will be made so as to give teams at least seven (7) calendar days notice.

Where applicable, if agreement on when and where the game is to be replayed is not reached between the teams within seven (7) calendar days of a game being rescheduled, BACT shall arbitrate a date, time and venue. A team failing to appear on the appointed occasion will forfeit to the other team.

If the game is abandoned and has not been replayed prior to the completion of the minor round games, then the game will be declared a draw. Refer to Schedule 4 – Determination of Competition Points for points and scores associated with a declared draw resulting from an abandoned game.

7.6 Games Rescheduled on Game Day

7.6.1 Games Rescheduled, Incomplete or Abandoned Due to Hot Weather

Section 9.10 outlines BACT’s hot weather guidelines, which may result in an abandoned or rescheduled game.

No refund of fees is available. The game may be replayed at the discretion of BACT.

If agreement on when and where the game is to be replayed is not reached between the teams within seven (7) calendar days, BACT shall arbitrate a date, time and venue. A team failing to appear on the appointed occasion will forfeit to the other team.

If the game is abandoned or has not been replayed prior to the completion of the minor round games, then the game will be declared a draw. Refer to Schedule 4 – Determination of Competition Points for points and scores associated with a declared draw resulting from an abandoned game.
7.6.2 Other Reasons for Rescheduled, Incomplete or Abandoned Games

Where a game, once started, cannot be completed at that time for any other reason, the game may be replayed at the discretion of BACT. No refund of fees is available.

If agreement on when and where the game is to be replayed is not reached between the teams within seven (7) calendar days, BACT shall arbitrate a date, time and venue. A team failing to appear on the appointed occasion will forfeit to the other team.

If the game is abandoned or has not been replayed prior to the completion of the minor round games the formula below (as specified by FIBA in the Official Rules of Basketball) will be used to determine the result for the game. If at the time the game was stopped and there was:

- A 20+ point margin - the result will stand at the score line when the game was abandoned, at any point of the game.
- A margin of less than 20 points before half time - the game will be classed as abandoned and neither team will receive any competition points.
- A margin of 15+ points between half and three-quarter time - the result stands at the score line when the game was abandoned.
- If the game is stopped after three-quarter time, the result stands at the score line when the game was stopped.

### Delays to Scheduled Start Times

All games should commence at the scheduled start time. Where, for whatever reason, games are running later than scheduled, the CSO will make appropriate arrangements to attempt to get games back to the scheduled start times.

### Pre-Game Warm-Up Time

**Senior Premier Division 1 and 2:** Ten (10) minutes per game. Where necessary, at the discretion of the CSO to ensure games run on time, the pre-game warm-up time may be reduced to not less than five (5) minutes per game.

**All other grades:** Five (5) minutes per game. Where necessary at the discretion of the CSO to ensure games run on time, the pre-game warm-up time may be reduced to not less than two (2) minutes per game.

### Playoff Timing Regulations

The timing for playoff games shall be as per the Minor Round Timing Regulations grid, above, except for Under 8 and Under 10 (non-competitive grades) where no playoff games are played.

Where a game is tied at the end of play, overtime periods shall be played as per the timings specified in the “Overtime” column of the Minor Round Timing Regulations grid, above, until there is a winning team. Overtime periods shall be either fully timed or running clock, as per the “Game Timing” and “Last 2 Minutes of Game” regulations for each grade.
Schedule 4 – Determination of Competition Points

Competitive Grades

**Competition Points**
The table of points awarded for each game in competitive grades is below. Points shall be cumulative throughout the minor rounds of a competition prior to finals:

<table>
<thead>
<tr>
<th>Result</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Win</td>
<td>3</td>
</tr>
<tr>
<td>Draw</td>

</tr>
<tr>
<td>Loss</td>
<td>1</td>
</tr>
<tr>
<td>Bye</td>
<td>0</td>
</tr>
<tr>
<td>Disqualification or Forfeit</td>
<td>0</td>
</tr>
</tbody>
</table>

**For and Against Points – Declared Draws, Disqualifications, Forfeits**
In the case of a game declared a draw, disqualification or forfeit, for and against points allocated to the teams concerned will depend on the circumstances, as follows:

- The score for a forfeit will be 20 – 0;
- For a disqualification:
  - Where the winning team is disqualified, the score will be 2 – 0; or
  - Where the losing team is disqualified the score will stand.
- For a game declared a draw due to no duty team (refer to section 7.3 Refereeing and Scoring), the score will be 20 – 20 and each team shall receive two (2) competition points;
- For a game declared a draw due to it being abandoned and unable to be rescheduled (refer to section 7.6 Games Rescheduled or Abandoned), the score will be 20 – 20 and each team shall receive two (2) competition points.

**Balancing Competition Points for Uneven Number of Games Played**
BACT will endeavour to ensure a balanced draw and even number of games for all teams across all grades. Where this is not possible and teams have an unequal number of games played due to byes, the competition points accumulated for games will be based on the average points earned per game played (that is, total competition points accumulated divided by the number of games played, multiplied by the maximum number of games played in that grade). Teams with the higher number of points based on this calculation will be placed accordingly.

**Equal Competition Points at the Conclusion of the Minor Rounds**
In any grade, if two (2) or more teams are level on competition points at the conclusion of the minor rounds, the higher finishing positions shall be determined in the following order:

1. The team with the lesser number of forfeits, duty penalties, disqualifications and other infringements of the rules;
2. If still equal, the head to head ratio of wins and losses between the teams concerned;
3. If still equal, the head to head percentage of points for and against between the teams concerned;
4. If still equal, the overall percentage of points for and against between all teams in the grade.

**Non-Competitive Grades**
There are no competition points offered in all non-competitive grades. As such there will be no scoresheet, scoreboard, points tables or finals for these grades.
