

Title: Healing Together (24x30 inches) September 2021

'Healing Together' represents Basketball ACT's (BACT) journey of healing and reconciliation as a community.

The journey begins by laying some solid foundations. This is represented at the bottom of the piece by the earthy colours and signifies Ngunnawal country. Ngunnawal country is the land on which BACT and the clubs (represented by the six paths) come together to play the game they share a passion for and ignite the healing journey.

BACT and the clubs shared commitment to this ongoing journey of healing and reconciliation is represented by the paths crossing and coming together (the two interlocking lines) which ultimately lead to a future state where all players and supporters come together and feel welcomed and included. This also extends to the wider ACT community represented by the (blue/yellow ripples).
