The table of points awarded for each game in competitive divisions is below. Points shall be cumulative throughout the minor rounds of a competition prior to finals:

Win	3
Draw	2
Loss	1
Bye	0
Disqualification	0
Forfeit	0

For and Against Points – Declared Draws, Disqualifications, Forfeits

In the case of a game declared a draw, disqualification or forfeit, for and against points allocated to the teams concerned will depend on the circumstances, as follows:

- The score for a forfeit will be 20 – 0;
- For a disqualification:
 - Where the winning team is disqualified, the score will be 2 – 0; or
 - Where the losing team is disqualified, the score will stand.
- For a game declared a draw due to no duty team, the score will be 20 – 20 and each team shall receive two competition points;
- For a game declared a draw due to it being abandoned and unable to be rescheduled, the score will be 20 – 20 and each team shall receive two competition points.

Balancing Competition Points for Uneven Number of Games Played

BACT will endeavour to ensure a balanced draw and even number of games for all teams across all divisions.

To balance uneven numbers of games the ladder will be sorted by average competition points per game (competitions points divided by number of games played). Thus removing any advantage of potentially having fewer games.

Teams with the higher number of points based on this calculation will be placed accordingly.

Equal Competition Points at the Conclusion of the Minor Rounds

In any division, if two or more teams are level on competition points at the conclusion of the minor rounds, the higher finishing positions shall be determined in the following order:

1. The head to head ratio of wins and losses between the teams concerned;
2. If still equal or cannot be determined by previous point, the head to head percentage of points for and against between the teams concerned;
3. If still equal or cannot be determined by previous point, the overall percentage of points for and against between all teams in the division;
4. If still equal or cannot be determined by previous point, the team with the lesser number of forfeits, duty penalties or disqualifications.

The process continues to involve all teams until all placings can be determined.
